Any updates from the table of migration and foreign employment

* Existing pre-departure orientation training has been questioned for failing to protect workers in foreign labour destinations where they face several challenges, including death and serious injuries hence new curriculum ready for pre-departure training to better protect migrant workers.

* Ten undocumented Nepali women migrant workers stranded in Lebanon for several months made it home on 22 Jan, 2021. The workers had been living in Lebanon for six to 12 years.
